NEVADA SYSTEM OF HIGHER EDUCATION
Calendar Year 2022 Summer Session Budgets

Introduction

Board of Regents policy requires that all non-state accounts exceeding \$25,000 of projected annual expenditure activity be included in the annual budget process, not including grants, contracts, plant, loan, and endowment funds. The institution presidents have authority to transfer funds into and out of each budget subject to policy guidelines in the Board of Regents Handbook, Title 4, Chapter 9, Section C.2, as well as State appropriation restrictions.

The calendar year 2022 Summer Session Budgets report includes activities that are primarily related to non-state funded summer school activities or other self-supporting activities that follow a calendar year rather than a fiscal year for reporting purposes. All NSHE instructional institutions provide Summer Session programs.

This report displays the data in a 'sources and uses of funds' format. This format projects or reports the cash flow from the account's opening balance at the beginning of the reporting period to the account's ending balance. Revenue budgets are established in NSHE's financial system based on the amounts reported for the opening balance on the account plus budgeted sources of funds. Expense budgets are established based on amounts reported for all uses of funds, including planned transfers out and budgeted ending balances. An account's revenue budgets equal its expense budgets.
