Base Employer Contribution for Employee	\$ 600	N/A	N/A
One-Time Contribution for Employee	\$ 300 Employee \$ 400 Employee + Child(ren), Employee + Spouse \$ 500 Employee + Family		

Mandatory Retirement Plans

Classified employees who have been hired into a permanent position at 50% FTE or greater are required to participate in the Public Employees’ Retirement System (PERS) of Nevada.

Employees can contribute to PERS under two options:

Employee/Employer Contributions (EEC)

- The employee and the employer each make a contribution to PERS. The contribution made by you is on an aftertax basis. The employee contribution to PERS under this plan is 17.5% and the employer contribution is 17.5%.
- If you terminate during the first five years of your employment and you take a refund of employee contributions, upon termination, it will close your account with PERS and result in no future entitlement to a PERS benefit.
- You may switch to Employer Paid Contribution (EPC) at any time, but you may only make this election once.
- Employee contributions remaining in your PERS account at your retirement will result in your part of your income being not taxable.

Employer Paid Contributions (EPC)

- Under this pretax plan, the employer pays the total PERS contribution on your behalf at a rate of 33.50% for regular members. You pay for your half of the PERS contribution through a salary reduction.
- Your salary is multiplied by a factor to determine your reduced pay rate and reflects the contributions made by the employer to PERS. The current EPC factor is 36.530% for Regular members.
- Employees may voluntarily choose to participate under the Employer Paid Contribution (EPC) plan at any time.
- Once you select the Employer Paid Contribution (EPC) plan, you cannot switch back to the Employee/Employer Contribution (EEC) paid plan.
- Contributions are the employee's responsibility at the time of contribution.

PERS Benefit Calculation Factors - Once you have attained 5 years of service you are "vested" in PERS and eligible to receive retirement benefits. After you are vested in PERS, the monthly benefit you receive from PERS will be based on three factors:
