Comments/Information	<p>Q: There have been numerous students who have had issues with the vending machine in the Student Center. What can students do if they have an issue?</p>

	<p>A: There is a sign on the vending machine that has directions on what students can do if they run into an issue. It states that if there are issues occurring to call the number listed. They can also let the front desk or Advisor Rikalo be made aware of the issue. Advisor Rikalo will then inform the Auxiliary Committee about the issue. If there is an issue, please speak up on it. The owner is a small business owner who has been very attentive and wants to fix any issues. He has gone above and beyond for this college.</p>
